

“Father, we lift up our military to you. We recognize, Lord, that we cannot control the world around us. We cannot control the regions where war breaks out or where our men and women in uniform will serve. However, since you are sovereign, you can. We appeal to you Lord that you will direct the path of each service member and inspire every decision made that affects our military. We pray that our military gets the proper intelligence to get the job done with no casualties. We ask, that you guard the hearts and minds of our service members from the evil they may witness during the course of their duty, especially during combat operations. But most of all, we pray that they will keep YOU Lord at the center of their thoughts. May they seek to depend on you and trust in your power. In the marvelous name of Jesus. Hallelujah. Amen (prayforeverything.com)
